

Are you a skilled and compassionate RN / RPN with experience in a palliative care setting? Is having a positive impact on the people you care for important to you? Are you eager to provide exceptional individualized care at a vulnerable time in peoples' lives?

If you answered yes to all three questions, and you have an affinity for helping others in a collaborative environment, we invite you to join our team! We're looking for committed RNs / RPNs willing and able to provide incredible care to our residents who are living with – and dying from – a terminal illness.

We have two positions available starting mid-April:

- One full-time maternity line (12-18 months)
- One full-time permanent line

#### About You

- Excellent communication skills
- Strong sense of empathy
- Desire to help residents, families, and coworkers at a difficult time

#### Role Requirements

- Current active Registration with CNO Minimum of one-year palliative care experience
- Computer literate
- Police Vulnerable Sector Check (required prior to start)

#### What You Can Expect

- Twelve-hour shifts (days and nights)
- Successful completion – Fundamentals of Palliative Care Course | Advanced Practice Skills (in your first year)
- Annual CPR/AED recertification

Please send your resume by March 21 to our [Human Resources Coordinator](#).
